Vambrace X Sumo Logic

# No upfront payment. No commitment.

You could be just a few hours away from a FREE 30-day demonstration. See if next level threat detection, investigation, and response is right for you.

# See the difference surfacing true volume makes.

We know your choice of SIEM is a big call, so we don't ask for a decision based on an hours demo...

# We provide one that lasts up to 30 days.

And we can set you up in hours. If your team need assistance or have questions at any point, we are here to help.

# Ingest what you need when you need it.

Store logs for up to 400 days to  
facilitate faster historical queries,  
improved performance, and  
frictionless scalability.

# Reject data limits & unpredictable prices.

Cloud Flex Credits gives flexibility to cost-effectively ingest, search, and retain data without overpaying for unused storage.

# Ready to start your 30 day demo?
