

Managed Detection & Response | MDR

- ✓ Managed 24 / 7 / 365 protection across your environments
- ✓ Tailored detection rules and behaviour analytics tuned to your organisation
- ✓ Address security gaps appearing in the IT-OT-Cloud convergence

What you can expect from Vambrace

A full MDR service with elite on-demand security operations, without the management headache and cost of hiring specialists to continuously cover multiple potential scenarios.

Using data from your SIEM, cloud providers, and EDR tools we build a single source of truth, with continuous monitoring, advanced analytics, and human-led threat hunting in one package

See the value of MDR with 30 days unlimited FREE access to our SOC and cyber responders.

With no upfront payment and no commitment, you could be just a few hours away from taking threat detection, investigation, and response to the next level.

Take your time and see if your team likes what they see...

Start trial

Rapid and experienced responders
